08/01/12 00:00 CST 0 Drought

08/31/12 23:59 CST 0

An extended period of dry weather continued to worsen across central and southeast Illinois during the month of August. Despite near normal monthly rainfall totals of 3 to 4 inches in many locations...yearly deficits since January 1st remained in the 8 to 13 inch range. The prolonged period of dry weather caused nearly all of central and southeast Illinois to be upgraded to the Extreme Drought Category (D3)...while Lawrence and Crawford counties in southeast Illinois persisted in an Exceptional Drought (D4).

STARK COUNTY TOULON [41.10, -89.87]

Lightning struck Highway 50 in Flora, creating a hole 12 inches wide and 6 inches deep.

An upper-level disturbance tracking eastward out of Missouri triggered scattered strong to severe thunderstorms across portions of east-central and southeast Illinois during the afternoon and early evening of August 8th. One cell dropped quarter-sized hail in Douglas County, while other storms produced wind damage across Clay County.

Three large trees were blown down.				

A vigorous upper-level disturbance interacting with an approaching cold front triggered scattered severe thunderstorms across north-central Illinois during the afternoon and early evening of August 9th. Most of the storms impacted locations along and north of a Peoria...to Bloomington...to Paris line. Downburst winds of 70 to 80 mph produced extensive damage across McLean County from near Danvers to just north of Heyworth. Other cells produced widespread wind damage across Champaign and Edgar counties. In addition to the wind damage, large hail up to the size of half dollars was reported north of Heyworth in McLean County.

Numerous trees and tree branches were blown down in Astoria. In addition, two light-weight open-ended vehicle shelters were flipped.

An approaching cold front triggered scattered thunderstorms across central Illinois during the afternoon of August 26th. One of the cells produced damaging wind gusts in Astoria in Fulton County. Showers and thunderstorms continued into the evening hours, producing 2 to 3 inches of rain along and north of the I-74 corridor.

MORGAN COUNTY --- 0.8 SE FRANKLIN [39.61, -90.04], 0.5 SE FRANKLIN [39.61, -90.04]

0.23M Tornado (EF1, L: 0.25 mi , W: 75 yd) 08/31/12 16:12 CST 08/31/12 16:13 CST 0 Source: Emergency Manager

A tornado touched down about 0.8 miles south of Franklin at 5:12 PM CDT, then tracked north-northwest before lifting 0.5 miles south of Franklin at 5:13 PM CDT. The tornado destroyed an auto shop and damaged the roof of a house on the south side of Franklin. A mobile home was rolled off its foundation onto Illinois Route 104, injuring one person inside. Several trees were blown down and numerous tree branches were knocked down as well.

MORGAN COUNTY --- 0.7 NE REES STATION [39.64, -90.09], 0.6 NNE REES STATION [39.64, -90.09]

08/31/12 16:32 CST 0 Tornado (EF0, L: 0.16 mi , W: 10 yd) 08/31/12 16:33 CST 0 Source: Emergency Manager

A tornado briefly touched down in a field about 3 miles northwest of Franklin at 5:32 PM CDT. No damage occurred.

Remnants of Hurricane Isaac tracked northward into Missouri on August 31st, producing showers and and isolated thunderstorms
